Prof. dr Zoran Marković
Director
Mathematical Institute
Kneza Mihaila 35
Belgrade,
Serbia and Montenegro

7 March 2005

Dear Professor Marković

I am writing in support of the application for EC Framework 6 funding (ref FP6-2004-INCO-WBC/SSA-3) submitted by the Center for Advanced Mathematical Methods in Information Technologies (CAMMIT), Mathematical Institute, Serbian Academy of Sciences and Arts, Belgrade, Serbia and Montenegro.

I understand that the submission is made in the context of Specific Support Actions (SSA) for Western Balkan Countries, with proposals in the Activity Area of 'Specific measures in support of international co-operation', as part of the Specific Programme for 'Integrating and Strengthening the European Research Area'.

I am willing to establish co-operation with CAMMIT through visits by Stirling researchers to CAMMIT, visits of CAMMIT researchers and graduate students to Stirling, and an investigation into the possibilities for joint research projects. I understand that visits would be funded through the EC contribution to the budget of the SSA for Western Balkan Countries.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'P Rowlinson'.

Peter Rowlinson
