

Jasmina Bogdanović-Jovanović

bminja@masfak.ni.ac.rs

Home: Kozaracka 30/35, Nis, Serbia.

Work: Aleksandra Medvedeva 14, Nis, Serbia. tel: +381-18-500-686

Date of birth: 23rd July 1975. in Nis, Serbia.

Work experience:

Dec. 2000 – present: Teaching assistant (field of applied fluid mechanics and hydraulic machines and systems) at the Department of Hydroenergetics, Faculty of Mechanical Engineering, University of Nis, Serbia.

Education:

2007 – present PhD study on Applied Mechanics of fluid at the department of Hydroenergetics, Faculty of Mechanical Engineering University of Nis. Passed all exams with an average grade 10. Currently work on the doctoral thesis.

2006: Participant of PhD course "SimLab Short Course on Numerical Simulation and Parallel Computing - Belgrade 2006", 1.-7. October 2006. (lecturers: Hans-Joachim Bungartz).

Participant of TEMPUS workshop organized by Faculty of Mechanical Engineering Kragujevac (Restructuring of Mechanical Engineering studies, CD_JEP-18114-2003), Computational Fluid Dynamics, OpenFOAM i ParaView lecturers: prof. Dr Müller and Adrian Magda from the Technical University Braunschweig), 29.may - 2. june 2006.

Participant of PhD course "The Second Ph.D Course - Computational Engineering", under the patronage of DAAD, Pamporovo, Bulgaria, 10. - 15. june 2006.

2000 – 2004 Postgraduate study on Applied Mechanics of fluid at the department of Hydroenergetics, Faculty of Mechanical Engineering University of Nis. During that time passed all exams with an average grade 10.

1994 – 2000: Graduate Mechanical Engineer (Dipl.Ing) - 10 semester study program on the Department of Hydroenergetics, Faculty of Mechanical Engineering University of Nis, Serbia, with an average grade 9,76.

- Award and scholarship from the Norway Government.
- Laureate of the best graduate student award of Faculty of Mechanical Engineering in Nis, as well as the award of University of Nis (for the school year 1999/2000).

1982 – 1994: Primary school "Čele Kula" in Niš. Grammar school "Bora Stanković" in Niš. Both finished with a "Vuk Karadžić" diploma.

IT skills: Computer literate in MS Office, Ansys CFX, AFT Fatom, Origin, Corel Draw, etc.

Language skills: Serbian, English (speak and write), French (understand and write).

Projects:

2011–present: Researcher on Project TR33040 - The revitalization of existing and designing of new micro and mini hydro power plants (from 100 up to 1000 kW) on the territory of south and southeastern Serbia, supported by the Ministry of education and Science. Project leader: dr Dragica Milenković.

Researcher on Project TR35016 - The research of MHD flows around bodies, cavity and canal and application on MHD pumps, supported by the Ministry of education and Science. Project leader: dr Dragiša Nikodijević.

2008–2010: Researcher on Project EE 18012 - The development of reversible axial flow fans designs, supported by the Ministry of Science, Technology and Development, Republic of Serbia. Project leader: dr Božidar Bogdanović.

Researcher on Project EE 18010 – Investigation if fluid flows for the purpose of energy efficiency increase, supported by the Ministry of Science, Technology and Development, Republic of Serbia. Project leader: dr Zoran Boričić.

Researcher on Project TR14032 - The improvement of centrifugal pumps constructive solution for the purpose of expansion of operating area and improvement of cavitation characteristics, supported by the Ministry of education and Science. Project leader: dr Dragiša Nikodijević.

2005–2008: Researcher on Project NPEE 242004 – Designing of energy efficient pumps station in multi-level buildings in city of Niš, supported by the Ministry of Science, Technology and Development, Republic of Serbia. Project leader: dr Dragica Milenković.

2004–2007: Researcher on Project NPV 22 – The model of rational water management in agriculture, supported by the Ministry of Science, Technology and Development, Republic of Serbia. Project leader: dr Dimitrije Avakumović.

Researcher on Project NPEE 1006 – Turbine-pump aggregate for the purpose of irrigation, supported by the Ministry of Science, Technology and Development, Republic of Serbia. Project leader: dr Božidar Bogdanović.

- 2002–2005:** Researcher on Project NPEE – The optimization of pump station in the systems of water distribution, supported by the Ministry of Science, Technology and Development, Republic of Serbia. Project leader: dr Dragica Milenković.

Several industry projects and expertise (for companies: Vlasinska Rosa in Topli Dol, FIN INVEST – Podgorica).

Text books:

Co-author of 3 text books in Serbian language , published by Faculty of Mechanical Engineering, University of Niš.

1. "**Fans – operating parameters and exploitation properties**", number of pages 218, (ISBN 978-86-80587-71-4, COBISS.SR-ID 144609804), published in 2006.
2. "**Compressors – termodinamics of gas compression**", number of pages 224, (ISBN 978-86-80587-71-4, COBISS.SR-ID 144609804), published in 2007.
3. "**Pneumatic conveying**", number of pages 268, (ISBN 978-86-80587-92-9, COBISS.SR-ID 168081420), 2009.

List of references:

Co-author of 4 thecnical solutions in the field of:

- designing of industrial pipeline systems for water distribution;
- designing of hydraulic turbomachinery and systems (turbine-pump aggregate; centrifugal pump;)
- designing of laboratory test rigs for LDA measurements;

Co-author of many scientific and professional paper works:
