The Mathematical Institute SANU was the host of a meeting of The NUCLEUS Working Group, which was held in The Serbian Academy of Sciences and Arts in Belgrade, on March 14-15, 2017. NUCLEUS, <http://www.nucleus-project.eu>, is a four year project funded by the European Union, and its goal is to embed Responsible Research and Innovation in the governance and culture of academic institutions in Europe, China, South Africa and Georgia.
