Mathematical Institute SANU, Belgrade, decided to join the regional network "Southeastern Europe Network for Theoretical and Mathematical Physics"(SEENET MTP).

The Mathematical Institute SANU expresses interest in scientific collaboration in Mathematics and Mathematical Physics with universities and research institutes in the region.

Coordination and implementation of this decision will be responsibility of dr Vladimir Dragovic, the project leader of a relevant scientific project.

Belgrade, 5. 5. 2009.

  
Prof. dr Zoran Markovic  
Director of Mathematical Institute SANU
