Mathematical Institute of the Serbian Academy of Sciences and Arts (MI SASA), Belgrade, Kneza Mihaila St. 36

The aim of the conference is to gather at one place researchers from the field of information theory and complex systems. We invite scientific workers and experts interested in contributing to the successful knowledge exchange and experience, with their announcements and researches obtained thus far, to join us.

The Conference thematic fields include:

- **Classical and quantum information theory**
- **Source and channel coding**
- **Cryptography and data security**
- **Complex systems**
- **Complex networks**
- **Bio-information systems**
- **Decision making in complex systems**
- **Analysis and simulation of complex systems**

Researchers who wish to present the results of their researches at the conference should submit the extended abstracts with references. The submissions should be in English in MS Word or LaTeX format, and should be sent to the following e-mail address: **tinkos@cosrec.org**, with the subject title *Submission*. Before sending, please read the Instructions for authors on the conference website: **www.tinkos.cosrec.org/instruction.html**. All submissions will be peer reviewed and a number of them will be selected for 20 minute presentations. The submission deadline is October 15, 2016.

The conference will be held on October 27-28, 2016 at the Mathematical Institute of the Serbian Academy of Sciences and Arts, Kneza Mihaila St. 36, Belgrade. All the information about the conference can be found on the conference website: **www.tinkos.cosrec.org**.
