Curriculum vitae

**Name**: Dragan Blagojević

Born: 1950

Education:

1973: graduated from Belgrade University, Faculty of Mathematics and Science, Department of Mathematics GPA 8.94/10

1976: Master degree from Belgrade University, Faculty of Mathematics and Science, Department of Mathematics, GPA 10/10; master thesis: *Representability theorems in the theory of formal languages* (in Serbian); mentors: Nedeljko Parezanović and Slaviša Prešić

1983: Ph. D. degree from Belgrade University, Faculty of Mathematics and Science, Department of Mathematics, thesis: *Structure of some classes of regular semigroups* (in Serbian); mentor: Svetozar Milić

Experience: The whole career I have been employed in the Mathematical Institute of the Serbian Academy of Sciences and Arts. After a few years of research, I turned to publication job, working as a production editor of the mathematical editions if the Institute. I also have been working from the year 2002 as a member of the Belgrade unit of ZbMath and MathEduc. I used to have some additional engagements as an assistant professor for General Algebra (for a few years after mastering) and 12 years as a teacher in High School of Mathematics (Matematička gimnazija) in Belgrade.

Relevant papers:

Unions of dihedral groups, Semigroup Forum 33 (1986), no. 3, 293–298.

Free regular orthocryptogroup, Proc.Third algebraic Conf. (Belgrade, 1982), 17–21, Univ. Novi Sad, Novi Sad, 1983. (With A. Krapez)

More on anti-inverse semigroups, Publ. Inst. Math., Nouv. Ser. 31(45) (1982), 9–13.

A special form of grammars, Mat. Vesnik 3(16)(31) (1979), no. 3, 263–265.

Current status: Retired, married (wife Zorica), two sons (Srđa, Ognjen), five grandchildren
