Constructive Theory of Orthogonality and Applications (CTOA 2018)

Short conference dedicated to the 70th Anniversary of Professor Gradimir V. Milovanović

University of Belgrade, Faculty of Mechanical Engineering,

Department of Mathematics

PROGRAM

Tuesday, May 29th

10:00-12:00 Conference room: 211 (2nd floor)

10:30   *Rada M. Mutavdžić*

Error bounds for Kronrod extension of generalizations of Micchelli-Rivlin quadrature formula for analytic functions

10:55   *Dušan Đukić*

Truncated generalized averaged Gaussian quadratures and their internality

11:20   *Jelena Tomanović*

Error Estimates for Certain Cubature Rules

12:00-13:00 Conference room: 211 2nd floor

12:00   *Gradimir V. Milovanović*

Constructive Theory of Orthogonality and Applications

13:00-15:00   Lunch Break
